## Check-in Capacity

- Check-in Desk capacity for New Entrant operators (operators which do not already operate regular passenger services at LCY Airport) is subject to a Check-in assessment by LCY Airport.
- Slots allocated to New Entrant operators are to be initially confirmed on a conditional basis only by ACL. New Entrant slots can only be fully confirmed by ACL, following completion of a Check-in assessment by LCY Airport.

## Aircraft Type Specific Restrictions

- **Airbus A220:** Two A220 aircraft can be scheduled on the ground at LCY simultaneously subject to A220 stand availability. The scheduling of three or more A220 arrivals or three or more A220 departures within any 75 minute period is subject to A220 stand availability and an operational assessment by LCY Airport.
- **Avro RJ100 (AR1):** All operations planned to be operated by AR1 aircraft are subject to an operational assessment by LCY Airport due to noise restrictions.

## Stand Capacity

- Turnarounds to be no more than 30 minutes. Turnarounds longer than 30 minutes are subject to change at short notice, have to be agreed with ACL and LCY Airport, and will be allocated on a non-historic basis only. Crews needs to be available to move aircraft upon request by LCY Airport.
- For scheduling or operational changes made to arrival-departure links within 7 days of the planned operation, which results in increasing the number of overnight aircraft at LCY, operators will be required to obtain prior approval from ACL and LCY Airport.
- Standard of 15 minutes between a departure and an arrival on stand.
  - The buffer times for those turnarounds longer than 30 minutes also have to be agreed with ACL and LCY Airport, and will be allocated on a non-historic basis only.
  - West Apron – Allow 10 (minutes between an arrival and a departure and 5 minutes between each arrival. This is in addition to the standard 15 minute buffer
