TEMPORARY OPERATIONAL INSTRUCTION

Runway Closure for Winter Maintenance 2021

EFFECTIVE: 01/03/2021 08:00L. EXPIRES: 20/03/2021 07:00L.

Introduction:

UPDATE TO CLOSURE TIMES.

Birmingham Airport Limited (BAL) completes regular maintenance of all its airside facilities including areas which cannot easily be accessed. To access these areas BAL schedules a series of runway closures each year to facilitate access for both our engineers and external contractors.

Procedure:

BAL will undertake three weeks of planned night closures of its runway during March 2021. Planned closure dates are published in advance, via AIP Supplement (Supplement 004/2021) to allow planning by airlines and companies who are based at BHX to plan. **Amended by NOTAM.**

The closures will commence **at midnight on** Monday 01 March 2021 (actual closure at 23:59L) **with all works completed** by the morning of Saturday 20 March 2021. The closures will operate from Monday night to Saturday morning, **5 nights**. Normal planned closure times will be: 23:59 to **07:00L**.

Closure times will be strictly adhered to and the runway will not be available to air traffic during the closure periods, except for the standing agreement with **all** National Police Air Service **helicopters**.

- Arriving aircraft must be established on the ILS by 10 minutes prior to the planned closure time.
- Departing aircraft must be airborne 15 minutes prior to the planned closure time (or no later than 1 minute prior to the planned closure time if willing to accept an alternative aerodrome in an emergency).
- ATC (Tower and Radar) will not be available during this period. The Police Helicopter will Operate as per WCM conditions which means we must be vigilant if operating on the Elmdon Apron much as we do on a day to day basis. They will continue to make Blind calls on Tower so this should be monitored.
