Apron Parking

Apron	
ICAO aircraft size	Options
Code C	10
Code E	4
Total	14

Miscellaneous

1- If a domestic flight is operating then no International Flight will be operating at the same time.

2- 120 minutes' separation is required between any International Flight and Domestic flight due to having a one combined terminal (domestic & international).

3- 45 minutes' separation is required between any narrow-body Domestic Flights

4- 60 minutes' separation is required between any Wide-body Domestic Flights

5- 90 minutes' separation is required between any two International Flights

6- 60 minutes' waiting time for the ACFT at the Airport ramp and between arrivals and departures.

*Other than that, it can be requested and approved by the Airport Director to make exception due to having a combined terminal to operate Domestic and International Flight.

ICAO Code D and E aircraft to be referred to airport by ACL.

GABA slot requests are managed by the airport directly.
