### **Cargo/Freighter flights local rule implementation**

Dear Colleagues,

We are implementing the below local rules on slot allocation for freighter operation at Dubai International(DXB).

- Effective 11 March 2014, no new freighter flights (excluding Integrators) will be accepted at DXB, new slots will be offered and allocated to freighter operation only at Al Maktoum International (DWC) subject to available capacity of the airport, in line with IATA scheduling policies.
- Effective IATA Winter Season 2014 Dubai Airports is implementing complete ban\* of all cargo operations (on freighters) at DXB, in addition all historic for scheduled freighters will be revoked. Cargo airlines will only be permitted to operate and build historic at DWC.

\* Ban does not apply to Integrator flights operated by DHL\AeroLogic\*\*, FedEx, UPS and TNT Airways.

\*\* 3S5 flights code only.

For clarifications on the policy and to discuss your operations at DWC, please contact the Aviation Business Development team at Dubai Airports.

For slot allocation kindly contact Dubai Airports appointed slot coordinator ACL; [DXBSCXH@acl-international.com](mailto:DXBSCXH@acl-international.com)

Thank you for your understanding and ongoing support.

**Best Regards,**

The Aviation Business Development
